

ACCESSIBLE PARKING STALL RECOMMENDATIONS

The number of accessible parking spaces comply with the minimum required:
(1-25= 1) (26-50= 2) (51-75= 3) (76-100= 4)

For every six or fraction of six accessible parking spaces, there is a minimum of 1 van accessible space 4.7m wide

Accessible spaces are a minimum of 2.4m wide with an access aisle of a minimum of 1.5m wide
Note: Two spaces may share an access aisle

Access aisles are clearly marked to discourage parking in them

The slope of the accessible parking spaces and access aisles are a maximum of 1° in all directions

The access aisle adjoins an accessible route

Accessible spaces are identified with a sign that includes the International Symbol of Accessibility
Note: The International Symbol of Accessibility is not required on the ground

The accessible parking spaces are located on the closest accessible route to the accessible entrance
Note: If parking serves multiple entrances, there is accessible parking at each
